Tournament Edit

Create and setup tournaments.

Edit

1. Single and double elimination tournaments for singles and doubles competition are supported by the website.
2. Login to the front-end to enter participating players and wins.
3. Tournaments can only be created for the current season.
4. Tap New to setup a new tournament, or tap the season you want to modify
5. You can Delete a tournament. **Deleting tournaments cannot be undone. All games associated with this tournament will be deleted and lost forever.**
6. End this activity before making changes with Cancel, or after making changes with Close.
