Setup

Tournament name	Name the tournament without the season name, e.g. "Mid season tournament (upper bracket).
Tournament bracket	Tick to assign the bracket to the tournament (double tick assigns name to new playoff, if the playoff has not been named yet).
Number of players	Number of players in the tournament. Minimum 5 for singles and 10 for doubles tournaments, maximum 64 players for singles and 128 for doubles tournaments.
Date	Date of the tournament.
Player type	Select whether this is a Singles or Doubles tournament.
Ranked players	Select *Week count* or *Ranked*. **Note: chose *Ranked* for individual leagues only** (no team leagues).
Tournament type	Select whether this is a Single, a Double, or a Phased Elimination tournament. A phased elimination tournament is played with half of the tournament players in the first round, then the winners play the next quarter of the tournament players in round 2, and the winners of round 2 play the remaining quarter of the tournament players. This can be used to setup individual league playoffs.
Consolation game	Choose to skip game for 3rd place if the 3rd place is not played out or determined in a different way. Default setting is **Play for 3rd** for Single and Phased Elimination Tournaments, **Skip game for 3rd** for Double Elimination Tournaments.
Frames per game	Frames per game. The default for the current season\'s matches will be selected automatically, but you may modify.
Tournament period	Mid or End of Season tournament selection is relevant, if the season has weeks played requirements set in Season Settings.
